SCSPEB
Islamabad Chapter Launching Ceremony

The Society for Community Support for Primary Education, Balochistan (SCSPEB) a Balochistan based organization incepted in the year 1992, with the mission to work as a service providing organization, creating partnership between Government and communities in all social sectors for a sustainable development in Balochistan and creating relationship between donors, supporting agencies and the government. It was registered on 22nd March 1993 under Societies Act 1860.

The organization particularly strives for human development and capacity building especially promotion of female education in the rural communities deprived of access to schooling. Thus the beneficiaries of the efforts of SCSPEB range from parents to communities and Local-Government to Provincial Education Department. It endeavors empower and capacitate the local communities identify their problems and to resolve them at local level. The canvas of work of SCSPEB is the entire province of Balochistan and has so far worked in every nook and corner. It has supported the government in its efforts to promote quality education remove disparities and ensure sustenance of interventions through good governance.

The SCSPEB has specific mission & vision and is marching forward for the holistic development of the province through its efforts. In pursuance of its mission the SCSPEB conceived and implemented a number of projects and cherished reputation nationally and internationally. The most important model it introduced for promotion of girls' education in the rural areas was Community Support Process which had been appreciated across the south Asia. The year 2010 marks the 17th anniversary of the SCSPEB establishment and now SCSPEB on this occasion, launched its Islamabad chapter ceremony on 22nd March, 2010 at Serena Hotel Islamabad.

The objectives of the ceremony were to:
- Launch SCSPEB Islamabad Chapter and to held 17th anniversary of SCSPEB
- Sharing history of its efforts, models and achievements in promotion of education in Balochistan.
- Sharing information of Balochistan on education and community participation scenario and role of donors, I-NGOs and Civil Society Organizations in the province.

The ceremony was attended by large number of donors and representatives of developmental sector. They visited stalls and observed all the efforts made by the SCSPEB. The president of the organization welcomed the visitors & gave a presentation on the achievements of the SCSPEB. She emphasized that the society had supported the government in promotion of education, efforts particularly female education in the rural areas of the province & thanked their efforts the enrolment of girl’s students has enhanced by 200 percent. The introduction of the community support program & involving the committees in the management of their schools has helped in improvement in the enrolment, reduction of dropout & increase in completion at primary level. The president told that UN had acknowledged the services of the organization & presented it the UN award.

Stalls Presentation of the Projects.
The SCSPEB displayed various models of which demonstrated effectiveness and success. These projects were presented on the stalls through activity photographs, charts, statistical schedules towards educational progress in Balochistan, training modules and broachers, as well as exhibition also included the material Provided in schools for improving the teaching and learning process.
Contribution of Donors

SCSPEB organized & applaud the donors and partner organizations, which collaboration & financial support caused accomplishing SCSPEB projects & models during the whole period. SCSPEB always acknowledge the supportive role of precious donors and partner organizations, at the time of 17th Anniversary all the Donor and partner organizations were nominated to reward recognition shields for their supportive role. The shields were presented to the organizational representatives. All the shields were delivered by respected SCSPEB board members. At the 17th anniversary, like:

**Asian Development Bank 1996-1998**
Contributed in the establishment of 256 Community Model Schools.
Asalam-O-Alaikum,

It is my privilege, this evening, to welcome you to the occasion of launching the Islamabad Chapter of the Society for Community Support for Primary Education, Balochistan and its 17th anniversary. Balochistan which constitutes 45% of geographic physique of Pakistan is sparsely populated a land where distances are measured in hours and days rather than miles and kilometers. Balochistan was a gateway of knowledge for South-East Asia. Arabic, Persian, Medicine and Religious knowledge emerged from Afghanistan and Balochistan and flourished in the rest of the Sub-continent. But when modern secular education dawned Balochistan remained alien to it. This education reached Balochistan only in the second quarter of 20th century and with a very slow pace because education was not considered the need and right of the people but requirement of the Government which needed clerks for its offices. The provincial government made all out efforts for the promotion of education but the system was slow and arrogant, that it banked on myth like, the parents do not want to send their children particularly daughters to schools, the tribal Sardars are blocking the way of education.

In this scenario a small group of educated persons felt it their responsibility to come forth and join hands with the government to break the myth and pave way for education particularly female education in the rural Balochistan. They formed into an organization called “Society for Community Support for Primary Education, Balochistan”. This organization came into existence in the year 1992 and was registered under Societies Act 1860 on 22nd March 1993.

Though 17 years are not a very long time in the life of an organization but the journey the SCSPEB has covered was full of stumbling blocks. However it has survived and survived with honor and dignity. Thus we are today celebrating 17th year of success. The SCSPEB has come of age today.

The mission of the SCSPEB is “To create partnerships between government and communities, in all social sectors, for a sustainable development of the province of Balochistan”. The SCSPEB has followed its mission and goal regularly. It has very successfully created a trust in the government circle that the communities are open for education and they can manage their schools successfully. The SCSPEB has built capacity of the communities to plan, manage and reap secondary School teachers and improve the learning environment in 284 schools of 11 districts with more than 1500 teachers of 3 subjects (English, Science and Maths), Primary Schools teachers training in 5 districts under ESRA program.

Address by the Honorable President of SCSPEB
Fruits of it. The SCSPEB is treated a standard runner in the development of Parent Teacher School Management Committees established in 5000 schools of Balochistan. These committees minimized the burden of the government. The SCSPEB has helped increase the girl's enrollment by 160% in the rural Balochistan which is a record in the subcontinent. This has happened mainly due to motivation and mobilization of the communities and building a bridge between the government and the communities. The whole process is known as Community Support Process and has been replicated in many countries. The UN has recognized this effort of the SCSPEB through UN Award in 2001. We are proud to say that the SCSPEB is the first organization in Pakistan who has been awarded with such award.

The SCSPEB introduces innovative yet viable and efficient models to demonstrate how cost on education can be minimized. Home School and Fellowship School Models are the best examples.

We have also introduced an economical but outcome oriented community middle school model for rural girls with the financial support of Development in Literacy. This model has been picked up by the UNICEF and is replicating in 40 girls primary schools in 8 districts of Balochistan. I will not miss to inform this august forum that we have introduced Early Childhood Education in 100 government schools of 7 districts in Balochistan with financial support of Royal Netherlands Embassy through Aga Khan Foundation. The UNICEF has also adopted this model and is introducing it in 300 schools of 8 districts. Save the Children UK is initiating similar intervention in 105 schools. The SCSPEB is a partner in this effort. ED-LINKs a USAID sponsored project is helping the government of Balochistan in quality improvement endeavors; SCSPEB is a partner in this consortium. In short the SCSPEB is putting its mind and heart in the promotion of education in Balochistan. It has now a vast experience in this sub sector and thanks God the organization has gained confidence of the donors and the government through its hard work particularly in addressing the educational problems of vulnerable class. We thought we should be physically closer to the supporting hands and organizations in Islamabad. Therefore we are today launching Islamabad Chapter. We hope that we will be welcomed by the partners in development.

On this occasion we have to remember the founder members of this organization Mrs. Hassan Baloch, Dr. Bill Danie, Dr. Qurat-ul-ain Bakhtlari, Ms. Bilqees Jafri, Ms. Uzma Anzar who worked day and night to lay the foundation of SCSPEB. Later on we had to help of Mr. Kamal Hassan Siddiquie, Sardar Raza Mohammad Bareach, Dr. Fazal Ahmed and how can we forget Mr. Irfan Ahmed Awan. Our present MD, who has been with us for 17 years and has grown along with SCSPEB.

At the end I would like to congratulate my team for their hard work and dedication in organizing this ceremony. I on behalf of SCSPEB Board Members and the organization are grateful to all of you that you have all graced the occasion with your presence.

I pray for my organization to continue with good piece of work and look forward to have support from all you.

Thank you very much.

Dr. Ruquiya Hashmi  
(President SCSPEB-Board)
SCSPEB has been registered with the great support of Ms. Qurat-ul-Ain, Mr. Sajjad and Mrs. Hassan Baloch in 1993, at the 17th anniversary, I am really thank full to the staff of SCSPEB and appreciate their dedications towards educational progress of the province. And I also request to donors to support Society to reach on an international level.

Ms. Uzma Altaf  
(MER AKF-P)
Balochistan is facing the deprived situation of education, and in this critical situation it is a good effort to address their problems and issues, it's a good platform; because education has the key role for development and every one should help to address these problems and issues.
Mr. Qadeer Baig  
(Country Representative WPF)  
Society has been working in far flung areas of Balochistan, it is the organization which proved it self and now it opened its Islamabad chapter. Last time when I visited Society I was pleased that they have their own building which is really necessary for any organization to sustain their value. We will do every thing for the society which we can.

Mr. Younas Khalid  
(Aurat Foundation)  
Society is for the society, it is a happy movement that up to 17th anniversary it has achieved a milestone for the human development through education. Society has groomed a lot of human resource; it’s a nursery of human resource for the other organizations. I wish all the best future.

Mrs. Azmat Hassan Baloch  
(Member SCSPEB Board)  
I am very happy that Society plant has been grown up to tree, the credit goes to all board members and the whole team.

Dr. Fazal  
(Vice President SCSPEB-Board)  
An organization with the passage of time gets its value and the SCSPEB has a great contribution in education development and I am looking through pictorial presentation that society has created much awareness in the community regarding address the gender disparity, which Government would not.

Mr. John Raleigh  
(COP ED-Links):  
I appreciate that you have invented such a broad range of projects.

Mr. Kamal Hassan Siddiqui  
(Secretary Finance SCSPEB-Board)  
This anniversary has been is conducted to share the journey of SCSPEB’s achievements since 1993 with the donors and partner organizations and remember their efforts for the change and achievement of SCSPEB goals. Still there is a lot of efforts required in future, and through this platform we will tell them that what we can do in future for education sector.

Dr. Fazal  
(Vice President SCSPEB-Board)  
An organization with the passage of time gets its value and the SCSPEB has a great contribution in education development and I am looking through pictorial presentation that society has created much awareness in the community regarding address the gender disparity, which Government would not.

Mr. Kamal Hassan Siddiqui  
(Secretary Finance SCSPEB-Board)  
This anniversary has been is conducted to share the journey of SCSPEB’s achievements since 1993 with the donors and partner organizations and remember their efforts for the change and achievement of SCSPEB goals. Still there is a lot of efforts required in future, and through this platform we will tell them that what we can do in future for education sector.

Mr. Rashid Masood  
(Finance Manager ED-Links)  
I didn’t know about the society before coming to this event, it is my first impression, all the presentations are very great, society is performing a great job for the community promotion of Balochistan, all the stalls presentations are very great, I appreciate its efforts.
Mr. Fiaz Shah  
(Education Specialist-UNICEF)  
In my opinion Society is the only organization which works for education, and I hope, in future it will remain focus on education sector.

Mr. Muhammad Ali  
(Ex-Employee SCSPEB)  
I pray to God that he gives more success to SCSPEB in Islamabad also and gave you more funds to grow.

Ms. Yvone Bogaarts  
(Head of Advocacy WPF)  
There is a lot of views about the empowerment of children and I think SCSPEB models are a proof that children can grow, read and write in an appropriate way.

Mr. Juma Khan  
Society has done a wonderful job, now every organization prefers to work with Society. It’s a specialized agency in Balochistan for educational development.

Dr. Sahfeeq Ahmed  
(Registrar Quaid-e-Azam University)  
First of all I congratulate Society on its 17th anniversary; it has great contributions towards education sector development in Balochistan but the target is still ahead, it has to work hard to achieve the target.

Mr. Ijlal Hussain  
(ED-Links, DCOP)  
Congratulations SCSPEB team for a well organized launching & recognition ceremony. My best wishes for the SCSPEB’s success in Islamabad and across Pakistan.

Mr. Saqib Aziz  
(IT Manager Concern Worldwide)  
The program was very well arranged and well organized. The work on primary education is really remarkable & appreciable. If the program could be arranged at day timing, more gentry would be participated. On behalf of the concern, you are more than welcome for any kind of support required in Islamabad.

Mr. Hamza Abbasi  
(Program Officer IRR-Concern Worldwide)  
I am very impressed with Society’s work in remote areas of Balochistan to improve/ increase literacy level. Education is the only way to address poverty trap and I wish “good luck” for Society future.
